Re: APPLICATION FOR PUBLIC HEARING
WINDHAM OIL CORPORATION
WILCOX H ZONE, RESERVOIR A, SU83
LITTLE CREEK FIELD
LASALLE PARISH, LOUISIANA

Application is hereby made on behalf of WINDHAM OIL CORPORATION (Applicant) to the Commissioner of Conservation for calling of public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters concerning Wilcox H Zone, Reservoir A, SU83 Little Creek Field, LaSalle Parish, Louisiana:

- 1) To grant an exception to the spacing provisions of Office of Conservation Order No. 856-E, so as permit the Applicant to drill, designate and utilize their Windham Oil Corporation – AH No. 6 Well for production of oil and gas from the Wilcox H Zone, Reservoir A within the unit designated WX H RA SU83, Little Creek Field, LaSalle Parish, Louisiana; such well site position being shown on the attached survey plat and made a part hereof.
- 2) To determine that the proposed drillsite position will enable effective and efficient drainage of a portion of the reservoir which could not otherwise be drained by any other well located therein, absent approval of the exception to spacing provision.
- 3) To designate Windham Oil Corporation as the Operator of such unit well.
- 4) To consider any and all other matters as the Commissioner of Conservation may deem pertinent and appropriate concerning this application and request.

Office of Conservation Order No. 856-E was promulgated effective 01 January 1986, and established rules, regulations and created drilling/production units for the Wilcox A thru H Zones of the Little Creek Field, LaSalle Parish, Louisiana. This order provides that no well shall be drilled within 330 feet of an existing unit boundary or within 660 feet of any other well which has been permitted for, drilled to, or completed within the same zone.

The Wilcox H Zone, Reservoir A, in the Little Creek Field of LaSalle Parish, Louisiana was defined as being that oil or gas and condensate bearing interval the top of which is encountered at a depth of 2993 feet (electrical log measurement) with the base being the top of the Midway Shale or stratigraphic equivalent in the Louisiana Hunt Petroleum Corporation – Taylor No. A-1 Well, located in Section 25 T9N R1E, LaSalle Parish, LESS & EXCEPT the F-4 Sand, Reservoir A, Little Creek Field as defined in Order No. 856-C (effective 15 September 1982) insofar as said sand underlies the unit created by said Order.

Pertinent data concerning this application is available for inspection at the offices of Earl W. Peavy, 1310 Pine Street Extension, Jena, Louisiana 71342. Any person wishing to inspect such data should call Earl W. Peavy at 318-992-4156 during normal business hours in order to arrange a date and time for such inspection. A copy of such pertinent data, that is otherwise not available from Office of Conservation, can be obtained at the expense of the requesting party.

The subject matter of this application does not require a pre-application notice nor pre-hearing conference. Accordingly, no notice has been issued, and it is requested that the hearing be held after the necessary ten (10) day delay following legal advertisement.

Pursuant to the revised Rules of Procedure, Applicant has made a reasonable effort to obtain the names and addresses of all Interested Owners, Interested Parties and Represented Parties to whom this notice of application is being sent. A copy of this letter and the attached plat is being sent to the District Manager of the Monroe District Office of Conservation and to the Interested Owners, Interested Parties and Represented Parties as shown on the attached list.

We are enclosing our check in the amount of \$630.00, made payable to the Office of Conservation, to cover the applicable hearing fee.

Sincerely,

Earl W. Peavy for
Windham Oil Corporation
